# SciLinks Activity

## SOLIDS, LIQUIDS, AND GASES

Go to [www.scilinks.org](http://www.scilinks.org). To find links related to solids, liquids, and gases, type the keyword **HY71420**. Then, use the links to answer the following questions about solids, liquids, and gases.

**Internet Resources**

For a variety of links related to this chapter, go to [www.scilinks.org](http://www.scilinks.org)  
Topic: Solids, Liquids, and Gases  
SciLinks code: HY71420

1. What are some characteristics of solids?

---

---

2. What are some characteristics of liquids?

---

---

3. What are some characteristics of gases?

---

---

In the diagram below, compare solids, liquids, and gases. Where two or more circles overlap, draw an arrow to the area of overlap, and list the ways that those states of matter are alike. Where the circles do not overlap, list the ways that each of these states of matter is unique.
